Freeport East Investment Concierge Service

Freeport East Investment Concierge Service

Enabling ambitious businesses and investors to grow their footprint in one of the UK's most dynamic and innovative regions

FREEPORT EAST | Felixstowe Gateway 14 Harwich

A GLOBAL FREEPORT FOR A GLOBAL BRITAIN

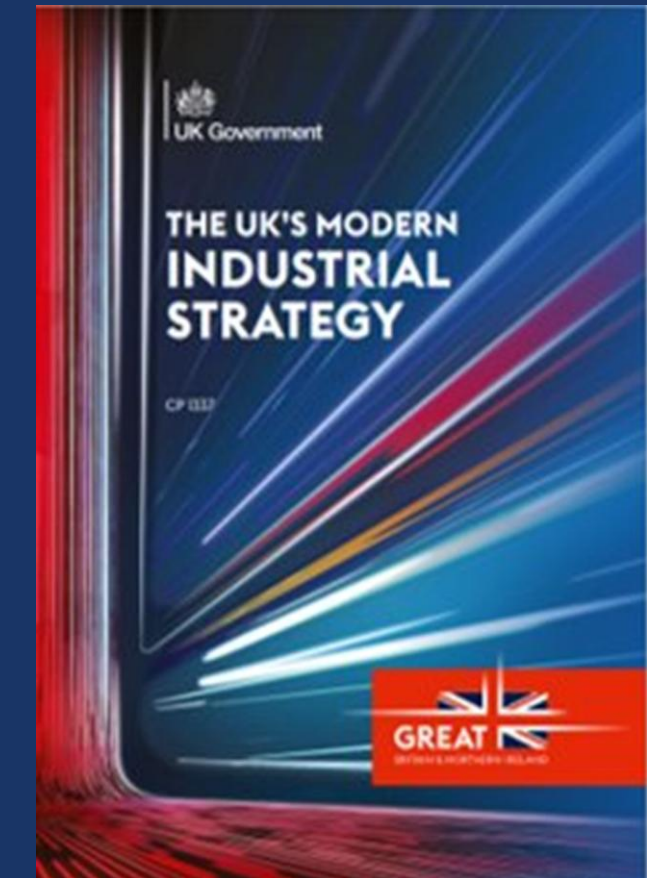

Why Freeport East?

Backed by the UK Government to deliver on its Growth Mission, we support international and domestic businesses to be more successful – including with our Investor Concierge Service.

We are based in the East of England, a dynamic region that offers:

- Excellent road, rail, maritime and aviation links to the UK and rest of the world
- World class Universities with strong reputations for industry collaboration
- World-leading research centres such as for digital technologies, telecoms & agritech, and a strong coordinated network of innovation centres and skills providers
- The UK's largest concentration of clean energy power assets and projects
- Excellent quality of life, education options and areas of natural beauty

The Investment Concierge Service

Our Investment Concierge Service provides comprehensive, independent support for businesses and investors, including:

- Identifying locations for set up or expansion
- Access to Freeport tax reliefs, other financial support schemes and co-investment options
- Navigating UK company registration, regulatory and planning processes, and banking set up

- Building local supply chains and partnerships to develop new market opportunities
- Engagement with our regional network of Universities, R&D and innovation centres, and skills providers
- Opportunities to collaborate in high value industry partnerships and innovation programmes

- A network of local and national partners, such as Essex Growth Agency, Invest East, Norfolk Suffolk Unlimited, Chambers of Commerce, Office for Investment, Trade Envoys and MPs

Freeport East is a not-for-profit public-private partnership, we do not charge fees for our support.

We support all sectors, but with particular emphasis on the priorities set out in the UK Industrial Strategy, including Clean Energy, Advanced Manufacturing, Defence, Digital Technologies and Life Sciences.

We deliver results.....

Rux Energy are a multi award-winning innovator in hydrogen storage systems based in Sydney, Australia.

Freeport East helped Rux set up their first overseas subsidiary in the UK in the port town of Harwich, identify key UK-based personnel, connect with a range of UK university and commercial partners, and helped them to secure new Government funding for R&D and skills development.

Assan Panel are an international trailblazer in the building materials sector and part of one of Turkey's leading industrial groups.

Freeport East helped Assan to identify the optimum location for a £45m UK manufacturing investment and secure freeport tax incentives, whilst supporting their growth in the UK market. Freeport East also helped build strong relationships with Government and a range of other stakeholders to support their market entry.

A leading Ukrainian drone manufacturer, Freeport East have helped Ukrspesystems identify locations for a £200m UK investment in the East of England and future growth opportunities.

In a little over 12 months from the first contact, Freeport East supported Ukrspesystems to establish their new facility in Suffolk, UK alongside a new testing facility in the same region.

Based just outside of Cambridge, UK, Entopy is an innovative data and analytics company, using cutting edge techniques and concepts to help businesses gain tangible value from their data.

Since 2024 Freeport East have supported Entopy to secure new funding, build commercial partnerships, trial new products and gain greater visibility with a range of stakeholders to enhance their growth and workforce development.

What others say about us

"Thanks to the input from Freeport East, Rux Energy has launched its first subsidiary far ahead of when we had anticipated. The synergy between the two organisations was immediate and we quickly found ourselves part of the Freeport East community and striving towards our mutual goals of maritime decarbonisation"
Dr Jehan Kanga, Founder and CEO of Rux Energy.

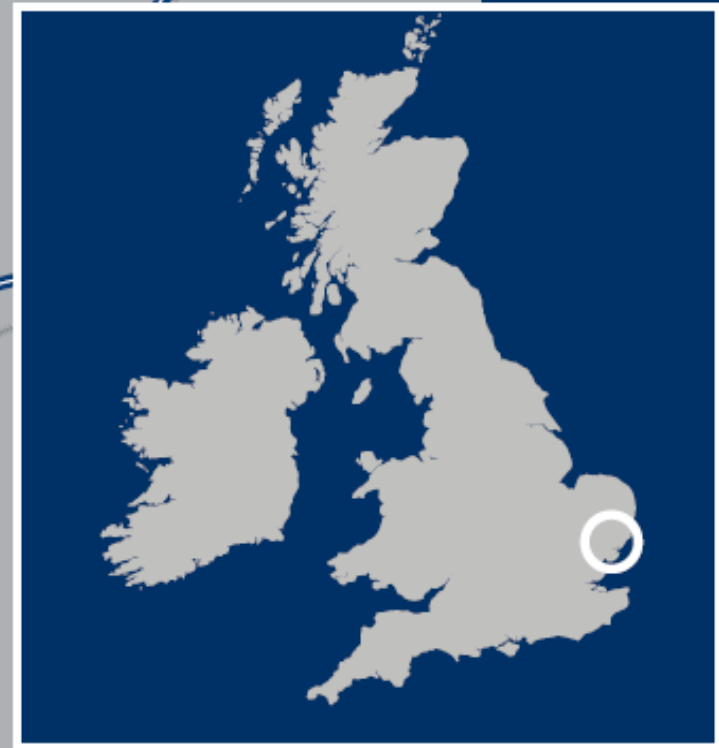

"Freeport East is the perfect place for us to expand our market into the UK. With the new manufacturing hub, I am confident that Assan Panel will create local job opportunities and accelerate skills and innovation development in the green manufacturing industry in the East of England and beyond."
Ihsan Tolga Akar, Managing Director of Assan Panel.

"We are grateful for the invaluable support and guidance from Freeport East and we look forward to continuing this partnership as we expand in the UK and establish the region as a launch pad into export markets."
Rory Chamberlain, UK Managing Director at Ukrspesystems.

"Freeport East is playing a pivotal role in our journey. They have provided invaluable support, forged critical connections, exposed us to PR opportunities, facilitated networking, and even connected us with senior government ministers. Entopy is now well-prepared for sustained growth in the digital twin sector."
Toby Mills, founder and CEO of Entopy.
